

AYOUB BNI-BOURK

AUTOMATION SPECIALIST | PLC · DCS · ROBOTICS · INTELLIGENT SYSTEMS

PROFILE

Automation specialist with hands-on experience in critical industrial environments (OCP, VINCI Energies). **Bronze Medalist at WorldSkills Lyon 2024** – "Best of Nation" title in Mechatronics. Hybrid IT/OT profile: PLC programming, DCS optimization, and development of web-based supervision interfaces.

PROFESSIONAL EXPERIENCE

Automation Technician | OCP Maintenance Solutions

El Jorf Lasfar, El Jadida – Aug 2025 – Present

- Fault diagnosis and troubleshooting on phosphoric acid production lines – **Siemens S7 PLCs** and **Yokogawa CENTUM VP / Emerson DeltaV DCS** on a continuous production site (critical chemical process).
- PID loop optimization, development of automated sequences and design of operator synoptic screens (program control, setpoint entry, data visualization) to ensure process continuity and reduce manual interventions.

Design Technician | Actemium (VINCI Energies)

Casablanca – Jun 2025 – Jul 2025

- Developed an automated Excel/VBA tool for generating loop diagrams and cable schedules, significantly cutting the production time of technical engineering documents.

Automation Technician | SSE MENA

El Jorf Lasfar, El Jadida – Nov 2024 – May 2025

- Full programming and commissioning (pre-commissioning through commissioning) of multiple **Siemens S7-1500/1200 PLCs** with ET200 modules on an industrial project – from hardware configuration to field functional testing.

Mechatronics Competitor | WorldSkills 2024

Casablanca / Lyon – November 2023 – September 2024

- Intensive international-level training for the Mechatronics competition, following the title of **Morocco National Champion**.
- Design, assembly, PLC programming and troubleshooting of complex mechatronic systems under extreme time pressure.
- Optimization of industrial processes to world-class standards of excellence, resulting in a **Bronze Medal** and the "Best of Nation" title

EDUCATION

Professional Bachelor's Degree

ENSAM (2025 – 2026)

Industrial Automation & Electrical Systems

Intensive Training

CDCGE Casablanca (2024)

Mechatronics

Specialized Technician Diploma

OFPPT Agadir (2021 – 2023)

Automation & Industrial Instrumentation

Technician Diploma

OFPPT Agadir (2019 – 2021)

Industrial Electrical Maintenance

Baccalaureate

Lycée Alkods, Ait Milk (2018)

Life and Earth Sciences

CONTACT

+212 674-335326

SKILLS

Automation & Control

- DCS: Yokogawa CENTUM VP, Emerson DeltaV
- PLC: Siemens, Schneider, Opto 22
- Robotics: Mitsubishi, Fanuc

Industrial Networks & IoT

- Protocols: Profinet, Profibus, Modbus/TCP, IO-Link
- Software development: Python (Snap7)
- Engineering tools: AutoCAD Electrical, Navisworks

Instrumentation & Electrical

- Field instrumentation and calibration
- Variable speed drives: Siemens, ABB, Schneider, Yaskawa
- Industrial electrical maintenance (distribution, motor control)

Development

- Task automation: Python, VBScript
- Web supervision interfaces (HTML/CSS/JS + Python/Snap7) – IT/OT convergence

LANGUAGES

- Amazigh** : Native
- Arabic** : Native
- English** : Fluent (technical & professional)
- French** : Professional
