PROFILE

Automation specialist with experience in process plants (OCP) and in manufacturing. I work on PLCs from different brands, motion control, servo drives and vision systems. "Best of Nation" medal in Mechatronics at WorldSkills Lyon 2024. Currently doing a Master's in Electromechanical Engineering at ENSA Kenitra.

PROFESSIONAL EXPERIENCE

Automation Specialist
Sep 2026 – Present

SFC Solution · Tangier

- Maintenance and troubleshooting: communication faults PLC/HMI (Unitronics) and PLC/drive (Mitsubishi), faulty PLC inputs, synchronization fault between the cutting machine (Emerson GE Fanuc, Trio Motion, 8 servo drives) and the Keyence printers synchronized by encoder.
- Program development: RFID tag writing on an 8-station cutting machine, so each tool is recognized and the right program is selected; oil temperature control on an evaporator (PID Compact).
- Ongoing project: WinCC Professional SCADA to monitor the energy consumption of the whole factory from energy meters.

Automation Technician
Aug 2025 – Aug 2026

OCP Maintenance Solutions · El Jorf Lasfar, El Jadida

- Fault diagnosis and troubleshooting on phosphoric acid lines (Siemens S7, Yokogawa CENTUM VP, Emerson DeltaV).
- Project linking the lab stations of 4 lines to the DCS (Excel + OPC server): lab results entered every 2 hours are historized, shown on DCS synoptics next to sensor data, and sent to AVEVA PI.
- Programs to automate manual tasks, e.g. switching a control valve from flow to level control (two PID blocks) when a tank runs low.

Design Technician
Jun 2025 – Jul 2025

Actemium (VINCI Energies) · Casablanca

- Developed an Excel/VBA tool that generates loop diagrams and cable schedules automatically.

Automation Technician
Nov 2024 – May 2025

SSE MENA · El Jorf Lasfar, El Jadida

- Programming and commissioning of Siemens S7-1500/1200 PLCs with ET200 modules, from hardware configuration to field testing.

Mechatronics Competitor
Nov 2023 – Sep 2024

WorldSkills Morocco Team · Casablanca / Lyon

- Won the national championship, then trained full time for WorldSkills Lyon 2024 (assembly, programming and troubleshooting of mechatronic systems).
- Won the "Best of Nation" medal at WorldSkills Lyon 2024.

SKILLS

- **DCS / SCADA:** Yokogawa CENTUM VP, Emerson DeltaV, WinCC Professional, AVEVA PI
- **PLC:** Siemens S7-1500/1200 (TIA Portal), Emerson (GE Fanuc), Mitsubishi, Unitronics, Schneider, Delta, Opto 22
- **Motion Control & Robotics:** Trio Motion, servo drives from different brands, Mitsubishi and Fanuc robots
- **Vision:** Keyence vision systems and printers
- **Industrial Networks:** Profinet, Profibus, Modbus TCP, IO-Link, OPC
- **Instrumentation & Electrical:** Instrument calibration, VFDs (Siemens, ABB, Schneider, Yaskawa), power distribution, motor control
- **Programming & Tools:** Python (Snap7), VBA, VBScript, HTML/CSS/JS, AutoCAD Electrical, Navisworks

LANGUAGES

Amazigh and Arabic (native)
French (professional)
English (fluent)

EDUCATION

Specialized Master's Degree (MUS) 2026 – Present
Electromechanical Engineering of Industrial Systems (GESI)
ENSA Kenitra, Ibn Tofail University

Professional Bachelor's Degree 2025 – 2026
Industrial Automation & Electrical Systems
ENSAM

Intensive Training 2024
Mechatronics
CDCGE Casablanca

Specialized Technician Diploma 2021 – 2023
Automation & Industrial Instrumentation
OFPPT Agadir

Technician Diploma 2019 – 2021
Industrial Electrical Maintenance
OFPPT Agadir

Baccalaureate 2018
Life and Earth Sciences
Lycée Alkods, Aït Milk
